

Thanks for taking a look...

We know sending a patient home on a wound pump can be frustrating and time consuming.

But here's the good news – **Ri-Med knows what to do and wants to help!**

Headquartered in Birmingham, we provide Negative Pressure Wound Therapy (NPWT) to patients around the state. Quick delivery and homegrown service are what set us apart.

Here's all you need to do...

Please give us a try.

We'll show you why!

As soon as you know you need a pump for a patient going home

Please give us a call at [205-942-2650*](tel:205-942-2650)

***Patient's Face Sheet is helpful during the call**

After the call – here's what we need:

1. Patient's most recent wound notes – wound dimensions are critical
2. A signed physician script for NPWT – copies are in this folder on the right!
3. Fax or email the forms to Ri-Med, attn: Michele Gentry

Fax [205-942-5094](tel:205-942-5094)

Email rimed@rimedinc.com

Additional Physician Scripts are available on our website
